Annual Asbestos Identification and Notification

A copy of Williamsburg-James City County Public Schools' Asbestos Management Plan is available in each school and at the division's Central Office (117 Ironbound Rd.) during regular school hours.

Williamsburg-James City County Public Schools works to update and improve AHERA Asbestos Management Plans as needed, and a complete audit of the plans was completed by an independent contractor in 2015.

Any inquiries regarding the management of asbestos-containing materials in our schools should be directed to our WJCC's AHERA Designated Person, Alan Robertson, at (757) 565-3838 or alan.robertson@wjccschools.org
