Digital Age of Schools
Strategies for Success
November 13, 2014

Presented by:
Jeffrey Carroll, PhD
Principal
Warhill High School

Shelly Cihak
Assistant Principal
Warhill High School
In today’s session we will...

- Identify the school’s role in developing and enforcing digital responsibilities.
- Understand the relationship between social media, digital responsibility, and post-secondary skills.
- Demonstrate positive ways to foster digital responsibility & connectedness.
Connected Classrooms

- Nation
- State
- Community
- School Division
- School
- Classroom
Students Posting in the Digital Age

- Photo of yourself: 79% (2006) vs. 91% (2012)
- School name: 49% (2006) vs. 71% (2012)
- City or town where you live: 61% (2006) vs. 71% (2012)
- Email address: 29% (2006) vs. 53% (2012)
- Cell phone number: 2% (2006) vs. 20% (2012)

Guide

Practice
Things to Consider

• Did the event happen at school?

• Was the information posted/made public from a school device or during school hours?

• Did the post/comment/event cause a disruption to the school environment?

• Can the post/comment/event be viewed as a threat, intimidation, and/or bullying?
Preparing Students for the Digital Age

But we trained our entire school career for that!

And not a single job opening for a standardized test taker!
