Dear Bright Beginnings Families,

I want to thank you all for your continued support, flexibility, and understanding since the closing of school. It has been a new reality for us all and we miss our students and families so very much! Although preschool students are not expected to continue with new instruction, our team worked closely with our Central Office leaders and the Virginia Department of Education to come up with a plan to support you and keep your children engaged during the school closure.

In the attached Engagement Packet, you will find over three months of developmentally appropriate, engaging activities for you to do with your child. Our teachers have worked diligently to ensure these activities address all domains of development and will support readiness skills. These activities do not require many materials and you can choose any activities based on your child's needs and interests!

Our teachers and speech pathologists (SLP) will also have weekly office hours beginning April 20th. Office hours will give teachers and families a way to maintain communication when needed. Your individual teachers will be reaching out to you to discuss their mode of communication with families.

You will also be receiving weekly phone calls or emails from me using our school messenger program. I will keep you informed on re-enrollment procedures, kindergarten registration, and other important information that you may find helpful as we prepare for September.

We want to stay connected with you during this time. I encourage you to follow us on Twitter @BrightBeginni18. We also have a new Instagram Account! Check us out and please post pictures of your little learner @bb_wjcc!
