

WJCC Schools App Access and Basic Navigation

1. Download WJCC Schools app.

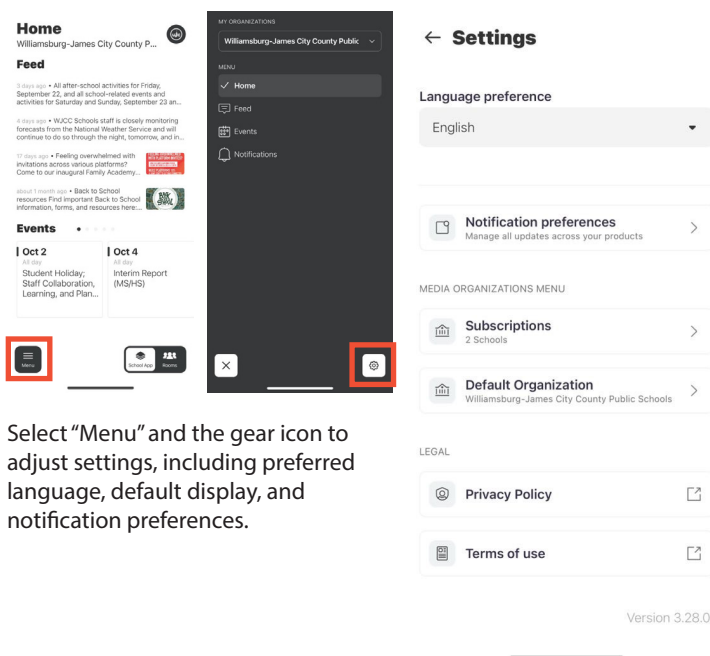

Download the free WJCC Schools app on the Apple App Store or Google Play Store.

2. Allow notifications.

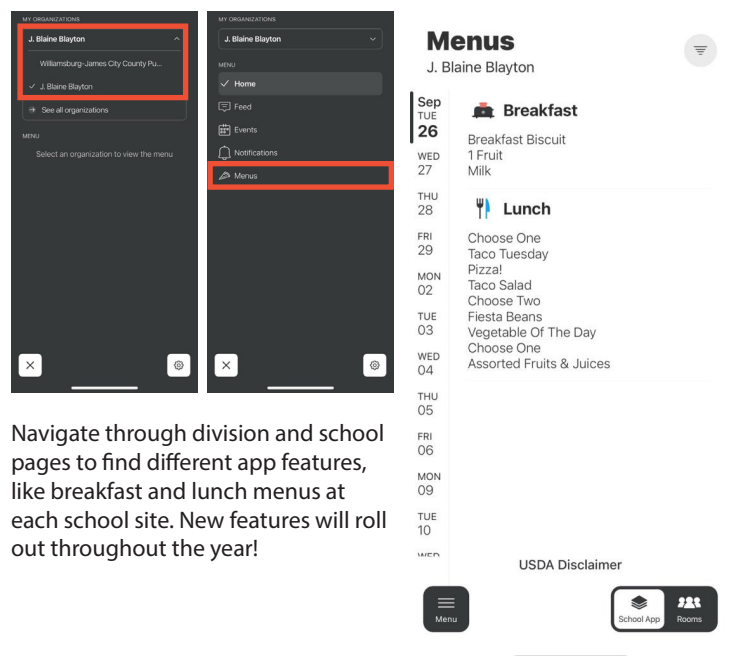

On the first time opening the app, allow notifications and select the division and school(s) for which you would like to be notified.

3. Adjust settings.

Select "Menu" and the gear icon to adjust settings, including preferred language, default display, and notification preferences.

4. Check out features.

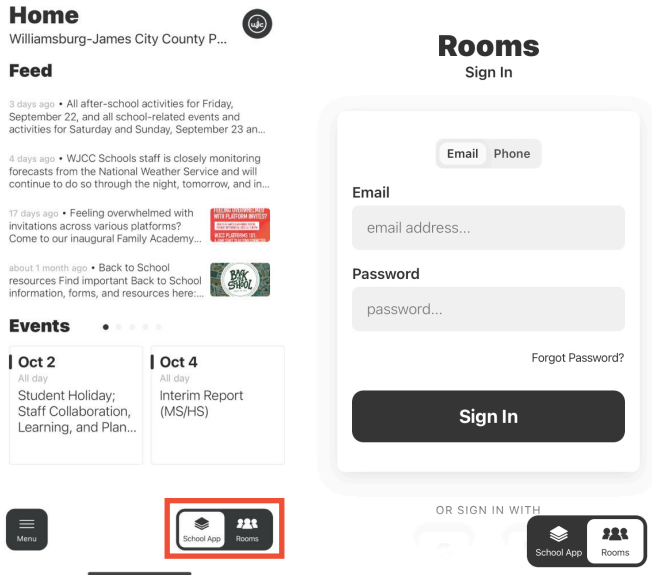

Navigate through division and school pages to find different app features, like breakfast and lunch menus at each school site. New features will roll out throughout the year!

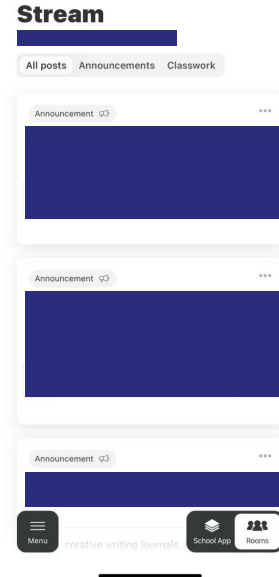

WJCC Schools App Rooms and Two-Way Communication

1. Toggle to Rooms and log in.

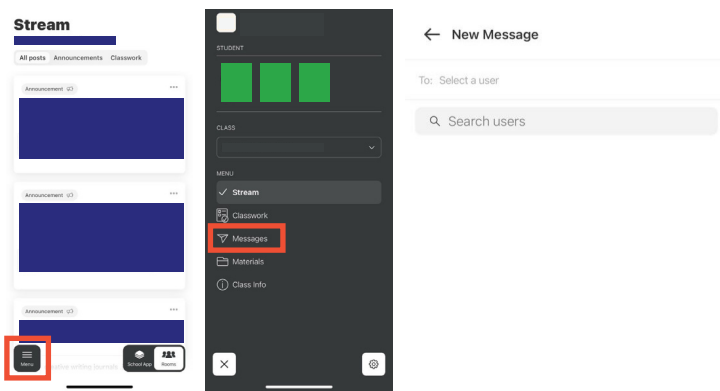

Use the email address on file with WJCC Schools to activate your account. To change your email address, contact your child's school. To receive a new invitation, contact your child's teacher.

2. Review your Stream.

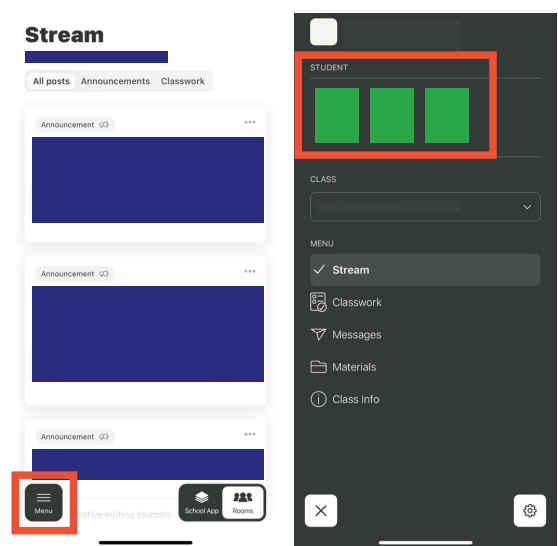

General announcements shared by your child's teacher with the whole class will populate in the Stream.

3. Send messages.

Select "Menu" and then select "Messages" to communicate with your child's teacher. Messages will automatically translate to the user's preferred language.

4. Switch between children.

Toggle between children in your family by selecting "Menu" and then your child's name.

Rooms features, including Stream and Messages, are also available through a computer browser at id.edurooms.com.
